

Victoria Primary Academy

Primary School PE and Sports Funding 2014-2015

Evaluation

The Governing body, head teacher and teachers will decide how to use the PE as they are best placed to assess what additional provision should be made for individual pupils.

'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this'. (DFE website)

Uses for the funding will include:

- Hiring specialist coaches to support children with their PE and sports in the run up to school competitions
- Supporting and engaging the least active children through new and additional extra- curricular clubs.
- Subsidising and/ or paying for school clubs fees to enable all children to access sporting activities.
- Paying for professional development opportunities for teachers in PE and sport
- Providing cover to release teachers for professional development in PE and sport including the Change for Life programme.
- Covering the cost of any sports competitions including transport to and from the event, or increasing pupil's participation in the school games.
- Buying quality assured professional development materials for PE and sport
- Contributions to sports development officer
- Buying quality equipment for sports and PE

Physical Education

‘High-quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically demanding activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness.

Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect.’ (DfE)

Through high quality PE and sports within our school we aim to develop a health child in body and mind, building confidence and fitness as well as important cognitive skills such as fair play, team work, decision making and communication.

Specific Objective <i>What we want to do</i>	Strategies <i>What are we going to do to achieve this objective</i>	Signs of success/ impact <i>When we have achieved our objective we should see</i>	Total amount put aside	Who, when and cost	Evaluation
To set up a Change for Life Club aimed at children who may not be attending other clubs.	To have up to 15 children regularly attending the Change for Life Club which will support them to make healthy life choices.	For the children who attend regularly and with parental involvement make some positive life choices.	-	Change for life training- Free Change for life resources- Free	Change for life club ran for two terms on a Monday, this was successful and popular and will continue again next year.
