Issue 37 Summer Term

7th July 2017

Hello,

This week we have had two very serious incidents reported, involving our children and careless drivers.

Road safety for pedestrians and drivers is a subject that we have raised many times in our newsletter, but inconsiderate driving and parking continues to be a problem.

We have now spoken with the local Police Sargeant and had a visit from the Police Community Support Officer today to try to find a way forward to ensure the safety of our children and families.

Next academic year we will working closely with the local police and will be inviting the Highways Agency and Council representatives to attend a Parent Forum discussion group.

Look out for more information in September.

Have a good weekend

You can be **fin**ed for taking your child on holiday during term time, or if your child has a number of unauthorised absences.

Schools have to inform the local authority of any pupils who are regularly absent from school, have irregular attendance, or have missed 5 school days or more without the school's permission.

Schools are also under a **safeguarding duty**, to investigate and report any unexplained absences.

Fine - Your local council can give you a **fine of £60**, which rises to £120 if you don't pay within 21 days. If you don't pay the fine after 28 days you may be prosecuted for your child's absence from school.

Prosecution - You could get a fine of up to **£2,500**, a community order or a jail sentence up to 3 months. The court also gives you a Parenting Order. This means you have to go to parenting classes. You'll also have to do what the court says to improve your child's school attendance.

Please remember to contact the school office *each day* of illness to advise that your child will not be in school.

CLASSROOM NEWS

The children in Reception enjoyed the art day last Tuesday. They created their own interpretations of butterflies using inspiration from Van Gogh's painting.

Year 3 were excellent during their Strings Concert for parents. They have worked hard to learn musical pieces all term and this hard work really paid off!

We went on a shape hunt around the school in reception. We found lots of shapes in different places, that included 2d and 3d shapes!

**“Calling all Reception,
Year 1 and Year 2 Classes!”**

Please bring in an empty **small, disposable water bottle** each during next week for our science day investigation.

E–Safety:

Live.me

Northamptonshire Police would like to bring to the attention of parents the app 'Live.me'. This is a live video streaming app where users can broadcast live-streaming videos and watch others' videos. The terms of use specify that users must be **18 years of age** or have parental permission to use the tool.

The app has **limited security features** and it is possible for users to potentially identify the location where a video was recorded. It is possible for any video to be recorded and shared without the permission or knowledge of the person who made the video.

We would encourage parents to make sure they know what apps their child is using, how each app works and what their child is using it for.

Many legitimate apps are being used by young people in a way that allows them to communicate with, or be contacted by, absolute strangers. This creates a significant risk to your child.
