

Our Foundation Stage Term 2 2015 Family Learning Journey is:

All about me

L
T W
ame "All about me"

We will be learning about ourselves and our bodies. We will learn the names of different body parts i.e. head, shoulders, ankles etc. We will also be thinking how we keep our bodies healthy.

The children will talk about how their bodies feel before and after exercise and the changes that occur. The children will have the opportunity to taste a range of different fruits and vegetables. The children will also learn other things that keep our bodies healthy i.e. sleep and hand washing.

In our PE sessions we will also be exploring different ways of moving and learning how to jump off of the equipment and land safely.

We will be completing lots of creative activities such as firework pictures, vegetable printing and Christmas Art work.

In literacy children will be developing pencil and early writing skills. We will also be learning new phonic sounds and using these to blend simple words.

In numeracy we focus on recognition of numerals and accurate counting. We will also be thinking about our daily routine and making repeating patterns.

Dear parents and carers,
We are looking forward to a busy term. We have already met with each of you for parents meetings and discussed your child's progress. We are planning some exciting opportunities for you to work with you children in school. We are also looking forward to our Christmas production.

Look out for Stay and read session details.

Helping your child at school

Please help your child to become more independent and to remember:

- their coat**
- a named water bottle**
- P.E kit**
- their book bag and reading book**
- their library book**

These should be in school every day.

Children are **NOT** allowed to participate in P.E. lessons wearing earrings, please remove them on **Wednesdays and Fridays (RKH/ RZB)**. Please also make sure long hair is tied back on these days.

Please make sure your child's school uniform and PE kit has their name in it.

Helping your child at home

Developing a love for books from an early age is very important. You can help your child at home by reading and talking about stories with your child.

Practise writing your name and the numerals.

Practise doing up your own coat and putting on your gloves.

Practise making words using your sound pots.

Complete homework learning activities with your child. These activities are meant to be fun and will build upon what your child has been learning in school. These activities should take no longer than 30 minutes.
